Legal & Corporate Diligence Summary

Prepared for	Prospective Investor
Document Date	September 2026
Status	Confidential

Prepared as part of a Due Diligence Copilot demonstration dataset.

Executive Summary

This Legal & Corporate Diligence Summary has been prepared in connection with a prospective investment in NexaGrid Technologies Pvt. Ltd. (“NexaGrid” or the “Company”). It summarizes the review of corporate, intellectual property, litigation, regulatory, material contract, and corporate-records materials made available to the reviewing team for the current review period.

Based on the materials reviewed, the Company's corporate structure, management team and material contractual arrangements appear consistent with the representations made to the reviewing team. No material litigation, regulatory proceedings, or customer or employment disputes were identified from the materials provided.

Two items have been flagged for follow-up prior to completion of the diligence process: (i) intellectual property assignment documentation from one former external contractor was not included in the materials reviewed, and (ii) updated data-processing documentation reflecting recent changes to the Company's customer data architecture remains outstanding. Both items are addressed in further detail in Sections 3 and 5 respectively, and are summarized together in Section 8.

This summary should be read together with the Company's current fully diluted cap table and other diligence materials provided separately. It is a summary document prepared for internal diligence purposes and does not constitute legal advice.
